- Good communication and teamwork abilities
- Fast learner and adaptable to new technologies
- Self-motivated and proactive attitude

➤ **Framework**

Bootstrap • WordPress • WooCommerce • jQuery • Ajax

➤ **Others**

Microsoft Office Suite • Photoshop • Canva

PORTFOLIO

Throughout my journey, I have actively engaged in personal projects to enhance my skills, refine my coding techniques, and ignite my passion for computers and coding.

Hotel Maurissonn Website

2025// Abidjan, Ivory Coast

I developed a hotel booking website for the Hotel Maurissonn group, a hospitality business based in Côte d'Ivoire with three branches across Bouaké and Yamoussoukro. The project aimed to simplify the reservation process for guests while improving administrative efficiency without integrating an online payment system. Key tasks included:

- Designing and developing a custom WordPress child theme aligned with the hotel's brand identity.
- Implementing the MotoPress Hotel Booking plugin to manage room types, availability, and reservation flows.
- Creating backend filters using custom taxonomies to organize bookings by hotel branch.
- Ensuring a responsive and user-friendly design across all devices.

- **Graphic design** : Canva
- **Frontend** : HTML, CSS, JavaScript.
- **Backend** : PHP
- **CMS** : Wordpress
- **Framework** : Elementor, Slider Revolution

Alliance Française Accra Website

2024 // Accra, Ghana

In July 2024, I competed in the Alliance Française website competition, which featured several talented participants. I built a bilingual WordPress website from the ground up, showcasing both my creativity and technical expertise. My solution stood out, earning me first place. Key tasks included:

- Customizing WordPress themes to align with the organization's brand and functionality needs.
- Installing, configuring, and updating essential plugins to enhance site performance.

- Ensuring the site was bilingual (French and English) for a diverse audience.
- Implementing responsive design for optimal display across all devices.
- Managing ongoing maintenance tasks, including troubleshooting and updates.

- **Graphic design** : Photoshop
- **Frontend** : HTML, CSS, JavaScript.
- **Backend** : PHP
- **CMS** : Wordpress
- **Framework** : Elementor, Slider Revolution

Blog Management System Development

2024 // Accra, Ghana

Successfully developed and implemented a comprehensive and minimalist blog management system during my internship, enhancing the company's content management processes. The system included features for creating, editing, deleting, and publishing blog posts, with user authentication, status management, and a dynamic dashboard displaying the latest updates.

- **Frontend** : HTML, CSS, JavaScript.
- **Backend** : PHP, Ajax
- **Database** : MySQL.

NGO Yeble Website

2024 // Accra, Ghana

Designed and built a custom website for a non-profit organization supporting women in Africa.

- **Graphic design** : Photoshop
- **Frontend** : HTML, CSS, JavaScript.
- **Backend** : PHP
- **CMS** : Wordpress
- **Framework** : Elementor

Dopamine

2023 // Accra, Ghana

Converting a restaurant design mockup into a functional and visual website.

- **Graphic design** : Photoshop
- **Frontend** : HTML, CSS, JavaScript, jQuery.

Belle

2022 // Accra, Ghana

An HTML beauty shop template fully responsive.

- **Graphic design** : Photoshop
- **Frontend** : HTML, CSS, JavaScript, jQuery.

RELEVANT EXPERIENCE

Web Developer and Website Maintainer @ Alliance Française Accra

2024 – Present // Accra

- Perform regular maintenance, including updates to WordPress core, themes, and plugins to ensure smooth functionality.
- Monitor website performance, troubleshoot issues, and implement bug fixes promptly.
- Ensure security by managing backups and preventing vulnerabilities.
- Manage bilingual content updates (French/English) to keep the website relevant and engaging.
- Optimize site speed and ensure responsive design across devices and browsers.
- Collaborate with the Alliance Française team to implement new features and improvements based on evolving needs.

IT Intern @ Hedge Pensions Trust

July 2024 – August 2024 // On-site

- Designed and developed a comprehensive blog management system to optimize content operations.
- Implemented features for creating, editing, deleting, and publishing posts.
- Developed user authentication and session management functionalities.
- Integrated a dynamic post status update system and dashboard to display the latest posts.
- Optimized database structure and queries for improved system performance.
- Applied security best practices in PHP and MySQL to safeguard data integrity.
- Collaborated with team members to ensure the system met business requirements and user needs.

Web developer and communication head (Volunteer) @ Yeble

2023 – Present // Remote

- Designed and developed a functional and visually appealing website by customizing a theme.
- Installed and updated necessary plugins for enhanced functionality.
- Ensured responsiveness and compatibility across various devices and browsers.
- Perform regular website maintenance and updates.
- Manage social media pages to enhance online presence and engagement.
